

The Geisinger Health Political Action Committee (PAC) has supported, on a bipartisan basis, good government and smart health policy in Pennsylvania since 2001.

Your Contributions Matter!

Your support of the Geisinger Health PAC aids our Government Relations Team in advocating issues related to:

- extension of pandemic waivers
- state funding for Lewistown Hospital School of Nursing
 - restoration of GCSCOM state funding
- modernizing PA's mental health and drug abuse privacy laws
 - aligning PA's ambulatory surgery center procedures with CMS
 - funding to support our frontline workforce

Contributions made to the Geisinger Health PAC support the campaigns of elected officials who understand Geisinger's important role within our community.

Your support, combined with our advocacy efforts, has helped Geisinger secure over \$28 million in state and federal funds.

To learn more about our legislative efforts, or what projects have been supported by state or federal funds, please contact the Government Relations Office.
